

## **English Literacy 1**

Dear student:

This is your English Literacy project. Read carefully and do your best. In all families there are famous stories that are told in every family meeting. They might be love stories, funny stories or even horror stories. For this project you will collect 3 famous stories from your family and write about them. For this you will need to interview some people from your family so you can get the information you need to talk about it.

Answer the following questions so you can write the stories your family told you.

- 1- *When and where did the story happened?*
- 2- *Who was part of the story?*
- 3- *Who told you the story?*
- 4- *What happened?*

Bring the answers to these questions to the classroom so you have the information you need to write your story. You will need to write your story in a paragraph of 100 words at least.
